 If the Covid lab leak theory being a 'conspiracy theory' was a lie and '15 days to stop the spread' was a lie and 'masks work' to stop the spread was a lie and 'vaccine mandates will stop the spread' was a lie and 'natural immunity is a myth' was a lie and 'there are no side effects' was a lie and 'safe and 100% effective' was a lie then you can pretty much bet that whatever the U.S. government is telling us about anything right now is a lie.

 Almost impossible to overstate how wrong so many news corporations were on the science of covid:

- lab leak as conspiracy
- efficacy of lockdown
- harmlessness of school closures
- recovered immunity
- toddler masking
- vax mandates

A perfect record of anti-science failure.

 BREAKING: CNN told their staff to not share COVID-19 "lab leak" theory due to it being a "Trump talking point."

Hey @elonmusk: When are you going to label CNN as State Affiliated Media?
